

F. Morrison

Ye Arts & Crafts Shop

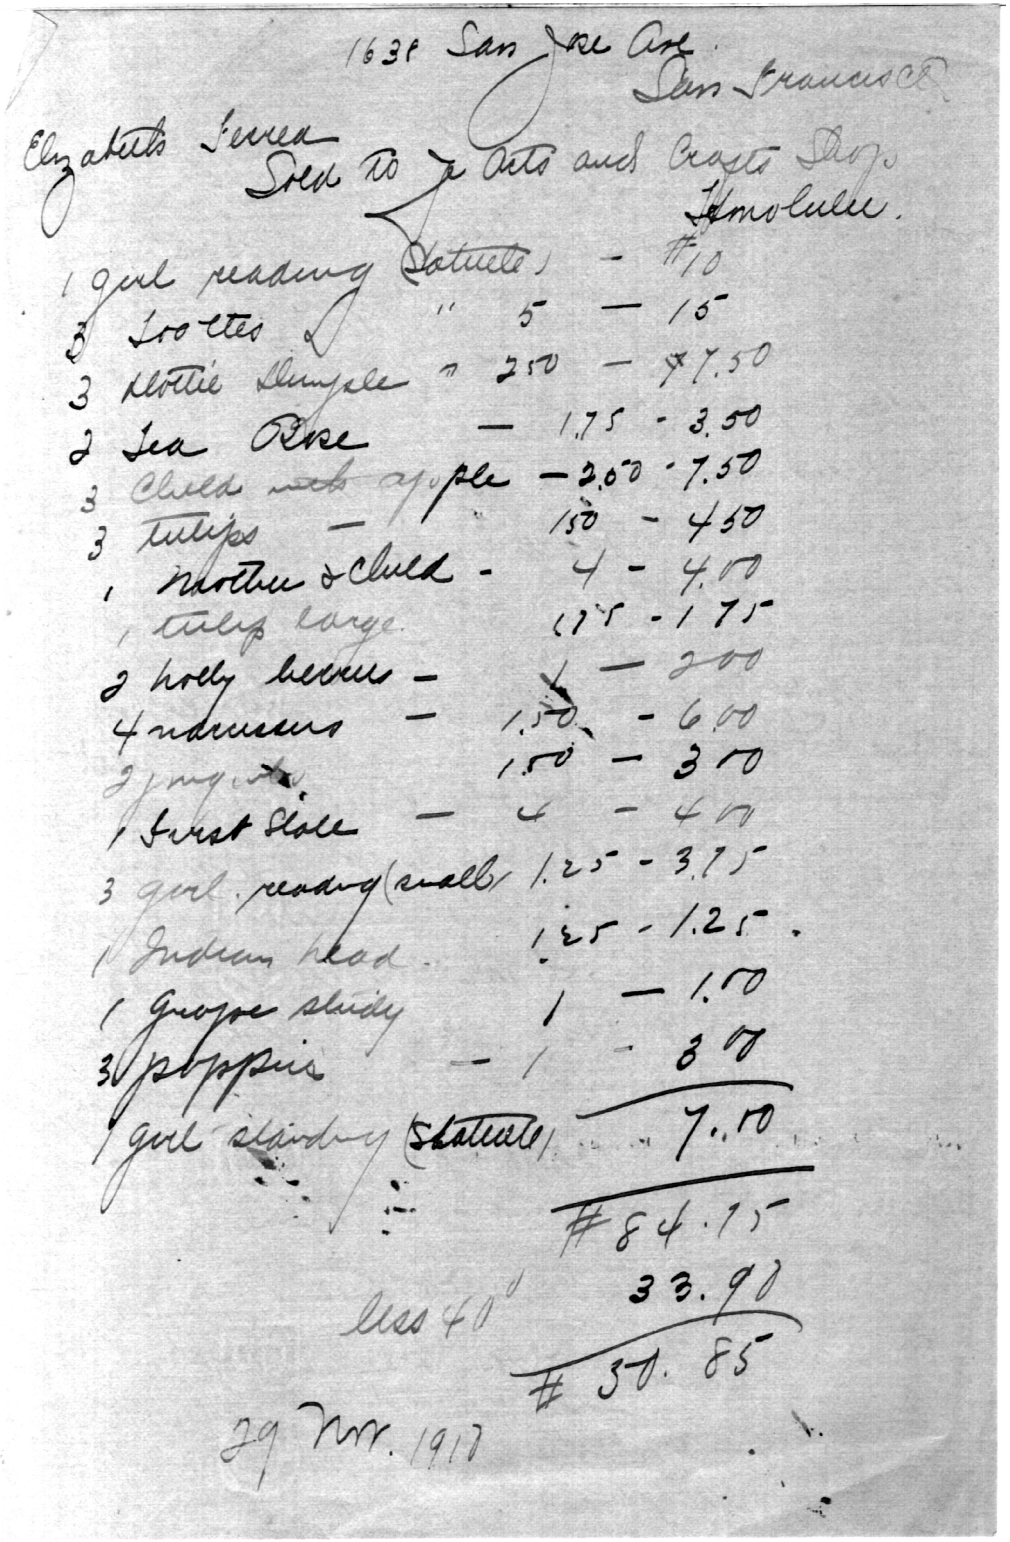

Honolulu

I am sending you an assortment of some of my best studies. Have tried to give you what I thought would sell readily. You will find one figure of girl. Quite expensive, but I have taken the liberty because it has proved quite popular here. Sooner or later you will sell it I know. You will notice that on some I have given a touch of old gold. It makes them more attractive to the general public. The little figure called "Tootles" I have sent three being one of my best sellers. This lot is not to be consigned. I have allowed you the usual discount. Itemized bill enclosed, same payable within 30 days or as soon as possible. I have gone over the $50 so will allow it. If you do not care to pay the extra Just as you like as it is my mistake. I surely hope that the carts reach you in good condition and in plenty of time for your trade. Also that you are successful with them. Kindly let me know when you receive them.
