LAGOMARSINO ANCESTRIES OF GIUSEPPE GIO BATTA FERREA AND OF LOUIS LAGOMARSINO

The mother of Giuseppe Gio Batta Ferrea (RIN 796) was a Lagomarsino. Both her father and her mother were Lagomarsinos. Similarly, the parents of Louis Lagomarsino (RIN 2317), neighbor to Giuseppe Ferrea (RIN 4) in 1880, both were Lagomarsinos. This study analyzes the two maternal Lagomarsino ancestries of Giuseppe Gio Batta Ferrea and the paternal and maternal Lagomarsino ancestries of Louis Lagomarsino. The purpose of this study is to determine whether any evidence presently appears regarding the possibility of a blood relationship between members of any of the four Lagomarsino lines.

The presently-known[1] ancestry of Louis Lagomarsino, who in 1880 appears in the federal census as a neighbor of Giuseppe Ferrea, is shown below:

The presently-known ancestry of Teresa Lagomarsino (RIN) the mother of Giusepee Gio Batta Ferrea (RIN 2320), who was born on 2 May 1851 in Tasso, and who is the one person who presently seems most likely to be the same person as Giuseppe Ferrea (RIN 4) is shown below:

The names of those known to be *born* in Tasso are printed in red font; the names of those known to be *married* in Tasso are printed in blue font. The name Tommaso Lagomarsino is printed in green font; whether the name Tommaso Lagomarsino belongs to one person or two persons is not known. If that name belongs to one person, that proves there exits at least one blood relatioship between Louis Lagomarsino and Teresa Lagomarsino.

LAGOMARSINO EXTRACTIONS 1730-1830

The following extractions of Tasso marriages is performed in an effort to discern (1) whether the name Tommaso Lagomarsino, marked above in green font, belongs to one man or to two men (assmuming he, or they, might be from Tasso and whose information, therefore might be set forth in Tasso records); (2) whether the Giuseppe Lagomarsino, who in Tasso married Margarita Lagomarsino in 1803, perhaps is the same person as the Tasso-born Giuseppe Lagomarsino who later married Tasso-born Geronima Lagomarsino; and (3) whether the names of any of the not-yet-identified wives of the end-of-line ancestors can be identified (and whether they, too, are Lagomarsinos).

As to the first two issues, it would appear from the above extractions (1) that the person or persons named Tommaso Lagomarsino, shown in the ancestries of Louis Lagomarsino and of the mother of Giuseppe Gio Batta Ferrea, was probably not married in Tasso[2]; and (2) that the Giuseppe Lagomarsino who in Tasso married Margarita Lagomarsino in 1803 is not the same person as the Tasso-born Giuseppe Lagomarsino who later married Tasso-born Geronima Lagomarsino.

As to the third issue, whether the names of any of the not-yet-identified wives of the end-of-line ancestors can be identified (and whether they, too, are Lagomarsinos), we can base our search on the fact that we know date of the marriage of Giuseppe Lagomarsino and Margarita Lagomarsino (who married in 1803) and we know the approximate date of the birth of Teresa Lagomarsino (who was born in about 1827/1828), and therefore can posit (1) that Stefano (father of Giuseppe) married at some time between about 1760 and about 1783; (2) that Tommaso (father of Margarita) married at some time between about 1760 and 1783; (3) that Andrea (father of Giuseppe) married at some time between about 1747 and 1807; and (4) that Tommaso (father of Geronima) married at some time between about 1747 and 1807.

Stefano Lagomarsino, son of the late Joseph Lagomarsino, who on 26 Aug 1782 married Rosa Lagomarsino, daughter of Antonio Lagomarsino (IMG_3779.JPG; IMG_3892.JPG) may *possibly* be the father of Giuseppe. Similarly, Andrea Lagomarsino, son of the late Bartolomeo, who on 3 Jul 1786 married Angela Ferroggiaro, daughter of Tomasso of the late Michael (IMG_3783.JPG; IMG_3894.JPG) may *possibly* be the father of Giuseppe. No Tommaso appears to have been married in Tasso during the period between about 1760 and 1807. Whether the one or two men named Tomasso in the above two pedigree charts was born in Tasso is not known; but it seems to be known that he (or they) did not marry in Tasso.

❧ ❧ ❧

[2] This conclusion, of course, does not mean that the person or persons named Tommaso Lagomarsino was (or were) not born in Tasso and, of course, it does not upset the information about the place of birth or marriage for his (or their) children. It just means that it would appear that any further inquiry concerning any possible blood connection(s) between the mother of Giuseppe Gio Batta Ferrea (RIN 2320) and the parents of Louis Lagomarsino (RIN 2317) must await access to the records of Santa Maria Maddalena Parish Church in Lumarzo, to which parish those who lived in Lagomarsino belonged.
